Junifeup - Marketing Department

Oct 2022 - Currently

I can't explain how proud I am to be part of one of the best junior companies in Portugal, and to belong to a dynamic and ambitious team that shares the same values as I do. In the marketing department I do several tasks such as:

- The planning, management and creation of content for JuniFEUP's digital channels;
- The idealization of JuniFEUP's Marketing strategy;
- Design of websites and mobile applications, and planning of the respective User Interface;

2021 - 2022

Vice President of the General Assembly of the Student Association

Oct 2021 - June 2022

I was part of the Student Association of Escola Secundária da Trofa in the academic year 2021/2022. I played a crucial role in the organization and execution of several projects and activities. It was a very enriching experience that allowed me to use my leadership and cooperation skills. In addition to my role as Vice President of the General Assembly, in this project I developed the logo for the student list and managed the social media of the association.

Restoration Project

June 2020 - Mar 2022

It took 2 years of daily work to leave a VW Golf Mk2 in an impeccable state, because "You either do it right, or do it twice". It was a very challenging project, but at the same time very enriching. I learned a lot. Not only hard skills, but also soft skills like time and resource management.

2019 - 2019

Liga Portuguesa Contra o Cancro

1 Nov 2019

It was a day spent raising money for the Liga Portuguesa Contra o Cancro.

2012 - 2022

Sports - Federated Football

Sept 2012 - July 2022

One of my biggest passions is sports, and that's why I have 10 years of federated football in my legs. I won many games and I also lost a lot of times, but above all I made friends and learned countless life lessons. Football taught me to be competitive and I learned not only to work as a team, but also to exceed my limits with work and discipline.
